Blind Man's Muff

Fashion photos by Steve E. Wonder

Certain publishers in this fair land will stoop to any lengths to give their readers a cheap thrill. In doing so, of course, they cripple any chance they may have of gaining true credibility in publishing circles. But we don't want to publish circles, just wild entertainment, so forgive us occasionally if we appear to be groping around in the dark for a good vehicle for our fashion pages. A wheelchair is as good a vehicle as any?

Journey's end for Jackie Freeman is a small flat in the Fulham Road. She's been on the move for quite a few years now, and feels the time has come for a rest; time to put down some roots and settle.

"Perhaps I'm growing up at last, but right now I need somewhere to call home. Living out of suitcases has lost its appeal for the time being, anyway!" ♣
